Minor Project
Mandatory Guidelines for PPT Presentation

Students are required to prepare a PowerPoint presentation based on their project work using following guidelines

TABLE OF CONTENT

1. Introduction (1 Slide)

- Brief overview of the project
- Objective of the project

2. Problem Statement (1 Slide)

- Clearly define the problem you are addressing
- Explain why this problem is important

3. Literature Review (1–2 Slides)

- Summary of existing work related to your project
- Key findings from previous research
- Limitations or gaps in existing solutions

4. Work Plan (1 Slide)

Weak	**Work**	**Status** (***Completed / In Progress / Pending***)
Weak 1		
Weak 2		
Weak 3		
:		
Weak n		

*It must align with your weekly reports.

5. Individual Contribution (1 Slide)

Member Name	Enrollment No.	Contribution
Member 1		
Member 2		
Member 3		

6. Work Done So Far (3–4 Slides)

For Application-Based Projects	For Research-Based Projects
• **UML Diagrams** ○ Include both: ▪ Structural diagrams ▪ Behavioral diagrams • **Application UI** ○ Screenshots of the interface ○ Brief explanation of features	• **Dataset Details** ○ Source, size, and type of data used • **Proposed Methodology** ○ Architecture/flow diagram ○ Mathematical or algorithmic explanation • **Result Analysis** (If any) ○ Graphs, tables, or performance metrics ○ Interpretation of results

7. Work to be done (1 Slide)

- Remaining tasks

8. Conclusion (1 Slide)

- Summary of progress so far
- Expected outcomes

9. References (1 Slide – IEEE Format)

- List all references used
- Follow proper IEEE citation format

Additional Instructions

- Keep slides concise (avoid too much text)
- Use diagrams, charts, and visuals wherever Needed
- ***Maintain consistent formatting and font style (As per given template)***
- Ensure clarity and readability

Important Notice: The use of ***AI-generated*** images is strictly ***prohibited*** in any section of the presentation.
